Business Accounts

No business entity on file. You are leaving a full suite of business funding off the table. We cover how to fix this below.

03 / COSTING YOU

What Is Costing You Money

Each item below is hurting your pre-approval. Fix them in this order.

1 SYNCB/LEVITZ - 93% Utilization

You owe \$1,762 on a \$1,894 limit.

Pay it down to \$189 or less.

Lenders see this and think you are drowning. One payment changes everything.

Fix this first. It is the fastest score move on your file.

2 Overall Utilization - 97%

You are using \$2,430 out of \$2,518 in available credit.

Get total balances to \$252 or less.

This single number is cutting your pre-approval nearly in half.

This is why you are at \$7,936 instead of \$19,841.

3 CITIBANK SD NA - 69% Utilization

You owe \$429 on a \$624 limit.

Pay it down to \$62 or less.

Every card over 10% pulls your score down.

Small payoff. Big score return.

4 SIGNET BANK/VIRGINIA - Charge-Off - \$4,798 - Experian

This is sitting on Experian, your primary bureau.

This is one of the worst things a lender can see.

We dispute it first. If it comes back verified, call them and offer to pay \$1,919-\$2,879 - but only if they put the deletion agreement in writing first.

Do NOT pay without a written pay-for-delete agreement.

5 Unknown Creditor - Charge-Off - \$194 - Equifax

A medical charge-off for \$194 showing on Equifax.

Even small charge-offs block funding.

Dispute it first. If verified, offer to pay \$78-\$116 for a deletion.

Cheap fix. Do not ignore it.

6 CONNECTICUT CHILD SU - 28 Late Payments - Equifax

Twenty-eight 60-day lates. Most recent: December 2025.

Active lates are the hardest thing to overcome for funding.

These are recent. Start goodwill letters now. We included a template.

These are hurting you more than anything on Equifax.

7 VERMONT OFFICE OF CH - 4 Late Payments - Equifax

Four 120-day lates. Most recent: October 2025.

120-day lates are treated almost like a charge-off by lenders.

Send goodwill letters. Dispute through the bureaus in parallel.

Recent and severe. Address this quickly.

8 SALLIE MAE STUDENT L - 1 Late Payment - Equifax

One 90-day late on record.

One late is fixable. Send a goodwill letter to Sallie Mae now.

Clean this up while you work on the bigger items.

9 JC PENNEY - Bankruptcy - Equifax

Discharged bankruptcy. Closed September 2019.

The damage fades every month. Make sure it reports correctly as \$0 and included in bankruptcy.

If the balance or status looks wrong, dispute it immediately.

Time is your friend here. Just make sure it reports accurately.

10 No Business Entity Registered

No LLC or corporation on file for Jordan Sample.

Without a business entity, you cannot access business credit programs.

Forming an LLC is fast. Most states let you do it online for under \$100.

This unlocks a whole second tier of funding - up to \$250K+ with the right profile.

04 / NOT A FACTOR

What Does Not Affect Your Funding

You do not need to lose sleep over these. They are cleanup only.

Inquiries - 46 Total

Inquiries do NOT affect funding decisions at FundHub.

We flag them for removal as part of credit cleanup only.

Your inquiry removal letters target Experian first.

Send them out. Do not apply for new credit until your funding is locked in.

CITI Authorized User Account - TransUnion

You are an authorized user on a CITI card. \$608 balance on an \$8,400 limit. 7% utilization.

AU accounts cannot help your funding. But this one is clean and not hurting you.

Keep it. It adds positive history.

Score Alone

Your score is 636 on Experian. That is not the main issue.

What hurts you most is the charge-off and 97% utilization - not the score number itself.

Fix those two things and the score follows.

Multiple Addresses - 5 on File

This does not block funding.

But it can confuse lenders.

Your personal info dispute letters clean this up to one current address.

Name Variations - 2 on File

Two versions of your name across the bureaus.

Does not block funding. But it needs to be cleaned up.

Your personal info letters consolidate everything to your full legal name.

Your Next Step

Jordan, here is the honest truth.

You are fundable right now. But the version of you that shows up in 60-90 days - with utilization under 10%, charge-offs disputed, and lates addressed - that version gets offered 2-5x more money at better rates.

Do NOT open new accounts before funding. Every new card or loan drops your average account age. It can trigger automatic declines. Lock in your funding first. Build after.

Your 3 fastest wins:

- Pay SYNCB/LEVITZ from \$1,762 down to \$189
- Pay CITIBANK SD NA from \$429 down to \$62
- Send your dispute letters for the SIGNET BANK/VIRGINIA charge-off on Experian

Those three moves alone can push your score past 680 and your pre-approval past \$15,000.
