RE: Formal Dispute — SIGNET BANK/VIRGINIA | Account Ending in 4443

To Whom It May Concern,

I am writing to formally dispute inaccurate and incomplete information appearing on my Experian credit report. The account in question is reported by SIGNET BANK/VIRGINIA, ending in 4443. After reviewing my credit file, I have identified multiple Metro 2 reporting violations that make this account's current reporting inaccurate. I am requesting a full reinvestigation under FCRA § 1681i(a)(1)(A), which requires Experian to complete this investigation within 30 days of receipt of this letter.

Each violation is detailed separately below.

DISPUTE ITEM 1 — Non-Zero Balance on a Closed Account

Metro 2 Field 21 (Current Balance) | FCRA § 1681s-2(a)(1)(A)

This account is reported as closed, yet Field 21 shows a current balance of \$4,798. Under Metro 2 standards, a closed account must report a \$0 balance in Field 21. These two data points directly contradict each other. Either the account is closed and the balance should be \$0, or the balance is still active and the status is wrong. Both cannot be true at the same time. Reporting a \$4,798 balance on a closed account is inaccurate under FCRA § 1681s-2(a)(1)(A), which prohibits furnishing information that a person knows or has reasonable cause to believe is inaccurate.

I am requesting that Experian investigate this contradiction and correct Field 21 to reflect an accurate balance consistent with the reported account status.

DISPUTE ITEM 2 — Stale Account Reporting

Metro 2 Field 24 (Date of Account Information) | FCRA § 1681s-2(a)(2)

The last reported date for this account is **September 3, 2021** — nearly five years ago. Field 24, the Date of Account Information, is required to reflect a current reporting cycle. An account that has not been updated in over 1,785 days does not meet that standard. FCRA § 1681s-2(a)(2) requires furnishers to correct and update information to ensure it remains accurate. Stale data in Field 24 means the information being reported may no longer reflect the true status of this account, which creates a misleading picture of my credit history.

I am requesting that Experian verify whether SIGNET BANK/VIRGINIA has provided any updated account information since September 2021, and take appropriate action if no current data can be confirmed.

DISPUTE ITEM 3 — Missing Compliance Condition Code on a Derogatory Account

Metro 2 Field 20 (Compliance Condition Code) | FCRA § 1681s-2(a)(3)

This account carries a charge-off rating and is flagged as derogatory, yet Field 20 contains no Compliance Condition Code whatsoever. Metro 2 guidelines require furnishers to populate Field 20 with the applicable code that reflects the account's legal and compliance standing. The complete absence of any code on an account with adverse information is a reporting omission. Under FCRA § 1681s-2(a)(3), furnishers are required to note when information is disputed, and more broadly, to report complete and accurate data. A missing Compliance Condition Code on a derogatory account leaves the reporting incomplete.

I am requesting that Experian contact SIGNET BANK/VIRGINIA to determine what Compliance Condition Code, if any, should be applied to this account, and update the file accordingly.

REQUESTED ACTIONS

I am asking Experian to take the following steps:

- 1 Conduct a full reinvestigation of the SIGNET BANK/VIRGINIA account ending in 4443 within **30 days** as required by FCRA § 1681i(a)(1)(A).
- 2 Contact SIGNET BANK/VIRGINIA and provide them with all relevant information included in this dispute.
- 3 Correct or delete any information that cannot be verified as accurate and complete.
- 4 Upon completion of the investigation, provide me with written results, an updated copy of my credit report, and — pursuant to FCRA § 1681i(a)(6)(B)(iii) — a full description of the **method of verification** used, including the name, address, and telephone number of any furnisher contacted during the process.

If SIGNET BANK/VIRGINIA cannot verify the accuracy of each specific data point identified above, FCRA § 1681i(a)(5)(A) requires that the item be promptly deleted or corrected.

Sincerely,

Jordan Sample
